Well Driller: _____ **Phone:** _____

Construction cannot begin without prior approval, per county and state sanitary codes.

The Stafford County Environmental/Sanitary Code states that the well casing must extend at least 12 inches above the ground surface. A state certified sanitary seal with a screened vent is required to top the well casing.

Please submit a copy of the Well Driller's WWC-5 Report to this office after the well is drilled. Well construction must comply with Article 30 of Kansas Administrative Regulations (KAR).

This application is valid for 12 months from the date of approval.

Applicant Signature: _____ **Date:** _____

Approved by: _____ **Date:** _____
Director, Stafford County Environmental Services
